

AM-One: How to migrate to the QR code method

Step 1: Install the «AM-One Access» app

- Scan the QR-Code with your smartphone

- Or search for the «AM-One Access» app in the Apple App Store or Goggle Play Store
- Fig. 1 shows the installed app on the smartphone

Step 2: Access to the login page

- Open the existing URL <https://pm1.am-one-vv.de>

Step 3: Login with your credentials

- On the screen, select «Login with existing password + OTP» (Fig. 2)
- Enter Username, Password and OTP (Fig. 3)
- Click «Login»

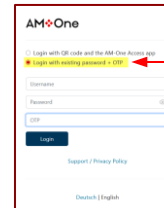

Fig. 3

AM-One: How to migrate to the QR code method

Step 4: Start the Migration

- Click «Activate» (Fig. 4)
- You can click «Login» to postpone the migration – *however, this is not recommended*

Step 5: Register your device

- Start the AM-One Access app (Fig. 5) and tap on «Tap to scan» to scan the QR code on the screen (Fig. 6)

Step 6: Success

- The message «Success / Token was successfully registered» is displayed on the smartphone (Fig. 7)
- Tap on «ok» to confirm

AM-One: How to migrate to the QR code method

Step 7: Completing the migration

- Click auf «Continue» to finalise the migration (Fig. 8)

You can now log in to AM-One or RTW (if you have access) using the QR code method.

Fig. 8

How to login with the QR code method

Step 1: Access the login page

- Open the existing URL for AM-One <https://pm1.am-one-vv.de> or RTW <https://rtw.am-one-vv.de>

Step 2: Scan the QR code

- Start the AM-One Access app (Fig. 5) and tap on «Tap to scan» to scan the QR code (Fig. 2)

Step 3: Login

- You are logged in
